

## ABHW Corporate Partners Respond to Behavioral Health Needs During COVID-19 Public Health Emergency

ABHW’s corporate partners are providing solutions to address heightened behavioral health needs in the current environment. Below is a selection of their services:

Corporate Partner		Summary of COVID-19 Behavioral Health Response
	<a href="http://www.alkermes.com">www.alkermes.com</a>	<p>Alkermes is working hard on several fronts to support patients and healthcare providers:</p> <ul style="list-style-type: none"> <li>• Identifying new providers who are currently available to administer injections of Alkermes’ medicines, including appropriate retail pharmacies and clinics;</li> <li>• Updating the Alkermes’ Provider Locator on <a href="http://VIVITROL.com">VIVITROL.com</a> and <a href="http://ARISTADA.com">ARISTADA.com</a> with new information on providers and injection sites; and</li> <li>• Working closely with healthcare providers, pharmacies and payers to help navigate new challenges that may arise for patients in accessing their prescribed medications.</li> </ul>
	<a href="http://www.genomind.com">www.genomind.com</a>	<p>To help the delivery of mental healthcare during COVID-19 crisis, Genomind is doing five things currently:</p> <ul style="list-style-type: none"> <li>• Direct shipment of its PGx tests to patients’ homes, and back to their lab;</li> <li>• Enabling Tele-mentalhealthcare with webinars and a new tele-medicine platform, that will be initially FREE;</li> <li>• Accelerating the launch of Genomind Mental Health Map;</li> <li>• Working with HealthiNation to release a series of mental health</li> </ul>

		<p>education videos to serve during the crisis; and</p> <ul style="list-style-type: none"> <li>• Delivery of remote collaborative care through a partnership with NeuroFlow.</li> </ul>
	<a href="http://www.indivior.com">www.indivior.com</a>	<p>Indivior's employees remain resilient and are working as passionately and efficiently as possible to continue to bring Indivior's approved treatments to patients under the current unprecedented circumstances.</p> <p>Indivior issued the following: 'Statement on the Coronavirus and Global Supply of Medicines', found <a href="#">HERE</a></p>
	<a href="http://innovatel.com">innovatel.com</a>	<p>innovaTel has always believed that telehealth is a critical component of care delivery, however, in light of COVID-19, this is truer than ever before. Telehealth is no longer a convenience; it is a necessity.</p> <p>innovaTel has added HIPAA-compliant technology that will allow their remote provider network (made up of psychiatrists, psychiatric nurse practitioners, and licensed clinical social workers working in partnership with community based clinics) to connect with patients in their homes with the click of a link, via text or email, reducing barriers to care and maintaining access during periods of shelter in place.</p>
	<a href="http://www.jnj.com/tag/janssen-neuroscience">www.jnj.com/tag/janssen-neuroscience</a>	<p>Johnson &amp; Johnson is mobilizing its full resources to help find solutions for COVID-19. Learn more: <a href="#">HERE</a></p> <p>Alternative Long Acting Injection Sites: Janssen has a mapping tool that can locate possible pharmacies or other locations that are part of the JANSSEN CONNECT® Network and are able to administer a Janssen long-acting injectable atypical antipsychotic. Learn more: <a href="#">HERE</a></p>
	<a href="http://www.myriad.com">www.myriad.com</a>	<p>Myriad is supporting telepsychiatry by offering to send collection kits for its <a href="#">GeneSight</a> test directly to patients when a physician orders it through their online portal. All test orders STILL require a physician order, but now the doctor can direct that collection kit be sent to the patient's home. Learn more: <a href="#">HERE</a></p>

		<p>Myriad Genetics announces the publication of a meta-analysis of four clinical trials demonstrating that the <a href="#">GeneSight® Psychotropic</a> test significantly improves clinical outcomes among patients with major depressive disorder (MDD). The article titled, “<i>The Clinical Utility of Combinatorial Pharmacogenetic Testing for Patients with Depression: A Meta-Analysis</i>,” can be accessed online in the journal <a href="#">Pharmacogenomics</a>.</p>
	<p><a href="http://www.peartherapeutics.com">www.peartherapeutics.com</a></p>	<p>Current world events confirm the need for financially needy patients to have a path forward to begin therapy without introducing unnecessary financial risk.</p> <p>PEAR Assistance Program (PAP) is designed to support financially needy patients in their attempt to recover from SUD/OD regardless of insurance status. The patient must meet all program eligibility requirements and financial rules to qualify. Financial need is determined based on the patient’s availability of insurance coverage and household income.</p> <ul style="list-style-type: none"> <li>• reSET Connect Patient Service Center now offers a PAP that further supports eligible patients that do not have insurance or product coverage.</li> <li>• Allows early dispense options without having to add financial risk to the patient.</li> </ul>
	<p><a href="http://www.psychhub.com">www.psychhub.com</a></p>	<p>As the world faces unprecedented fear and uncertainty, the mental health community understands that we are stronger together. That’s why PsychHub teamed up with the nation’s most credible mental health organizations to collaborate on a free resource hub, the COVID-19 Mental Health Resource Hub, to help people address their mental health needs during the COVID-19 pandemic. Learn more: <a href="#">HERE</a></p>
	<p><a href="http://www.TRIDIUUM.com">www.TRIDIUUM.com</a></p>	<p>The COVID-19 pandemic is accelerating the existing behavioral health crisis in the U.S. As patients with acute needs practice social distancing and shelter at home, there’s an urgent need for digital solutions to connect providers and patients remotely.</p>

		<p>That's why Tridium has expedited the availability of tele-behavioral health sessions within the <a href="#">Tridium ONE platform</a> to support providers and their patients in this difficult time.</p> <p>To ensure immediate access, they are offering Tridium ONE at no cost for new individual providers through July 31, 2020.</p> <p>Once registered, providers will receive immediate access to Tridium ONE with all of its behavioral health assessment and management features. Registered members will also be among the first to start using the tele-behavioral health capability when it goes live on April 17. Learn more <a href="#">HERE</a></p>
